SHAMPOO OPTIONS FOR ACCOMODATION FACILITIES

WHAT IS KERATIN? WHAT'S THE BENEFIT?

Keratin works by smoothing down the cells that overlap to form your hair strands. The layers of cells, called the hair cuticle, theoretically absorb the keratin, resulting in hair that looks full and glossy. Keratin also makes curly hair less frizzy, easier to style, and straighter in appearance.

BOTTLE OPTIONS

What is Fragrance? Why we use it?

Fragrance (essence, scent or flavor) is a raw material which provides the nice and pleasant smell in our products.

Most commonly, they are made out of natural resources. The particles which give the unique smell of our products can be mixed in any of our products in our labs.

We have a library of over 5000 different fragrance options which consists of natural essences and well known perfumes.

Our average fragrance ratio is around 3% of the total volume of the product.

AMENITY TRAY OPTIONS

We design and manufacture amenity trays which are compatible with your bottle and cap designs choices, as well as your facility's theme.

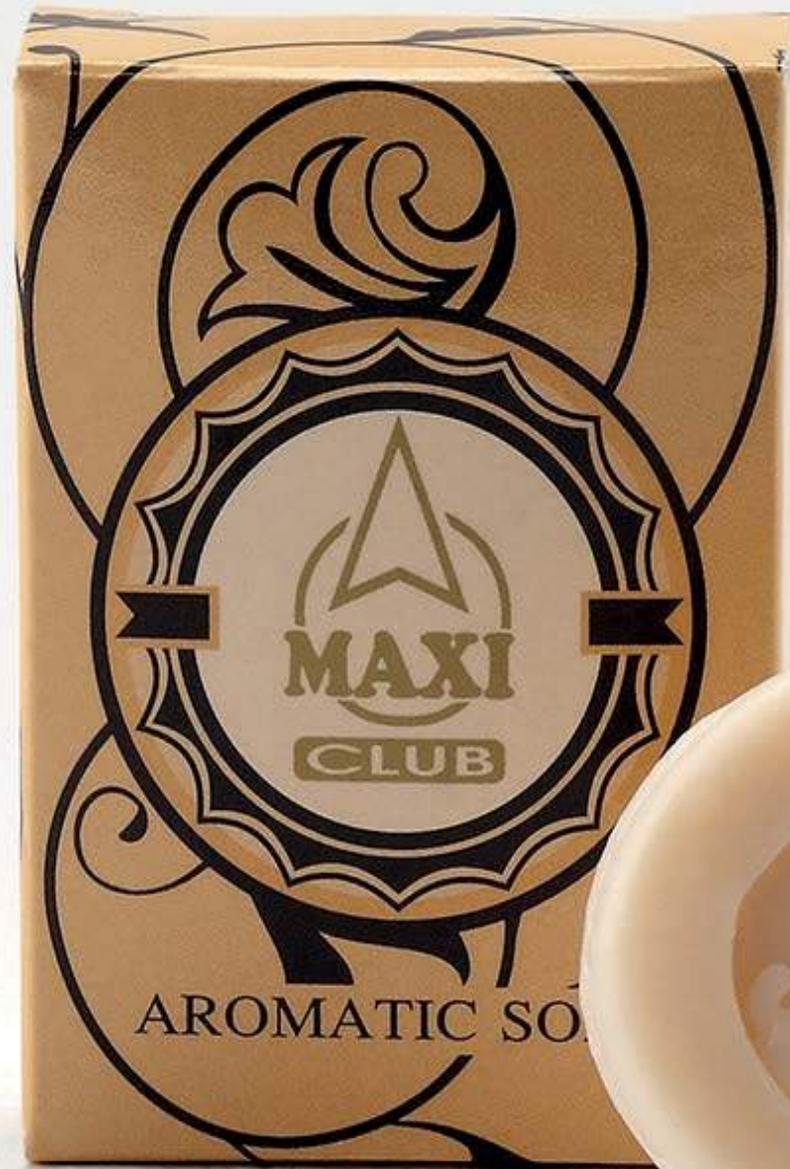

HAND SOAP OPTIONS

20 Gr. - 25 Gr. - 30 Gr. - 40 Gr. - 50 Gr. - 80 Gr. - 100 Gr.

All-natural soaps which are cut to shape are manufactured only as 100 gr packs.

SLIPPER SOLE OPTIONS

- EVA soles
- Eva skidproof soles
- Carton soles with skidproof fabric linen
- Sponge laminated from 3 to 8mm in thickness

Sole coating can be manufactured with or without sponge support

* ETA stands for "Ethylene-vinyl acetate", an industry standart material to provide "rubber-like" softness and flexibility to our slippers.

Lamineted sponge tickness and density is chosen by our customers.

Upper part of the slipper can be one or two layers, according to the request.

For printing, we can apply a certain logo with pantone code or we can help you chose the right color.

We offer custom weaving and custom logo printing to our slippers.

We can provide the slippers with individual plastic bags or without any individual packaging.

SLIPPER OPTIONS

Our products are bio-degradable.
Thanks to our raw materials,
our products bio-degrade

48 % FASTER

PERSONAL CARE PRODUCTS

Liquid Hand Soap (Eco Line)

- Suitable to skin pH and includes skin caring additives.
- Easy to use, economic and hygienic with its liquid form.
- Pleasant and unique smelling.
- The active ingredients are bio-degradable.
- Our most common fragrances are red roses, lavender, coconut and ocean smells; however we can manufacture in desired scent & color.

Liquid Hand Soap (Pro Line)

- In addition to our Eco Line's features, it included Vitamin E which slows skin aging.

Vitamin E is a well-known powerful antioxidant with great anti-aging properties; it is an excellent free radical scavenger, vital in protecting skin cells from pollution, UV light and elements that produce cell damaging free radicals.

- We offer Romantic Touch, Sunshine, Tropical, Liliium Night, Magic Sunset, Aquarium fragrances with Pro Line.

Foam Hand Soap (Pro Line)

- This is the foam version of our Pro Line.
- Helps you save water: With foam, people use 16 percent less water per wash versus those using liquid soap. Similarly, water usage can be reduced by up to 45 percent when hands are not wet prior to lathering, as the foam soap allows for lather without additional water.

KITCHEN CLEANING PRODUCTS

Stain Remover Pre-Soak Solution

Helps get rid of coffee, tea, starch stains from dishes by using as soaking fluid before the dishwasher cycle. Suitable for porcelain, glass, stainless steel and plastic dishes. Can be manufactured in desired color & fragrance.

Porcelain Scratch Remover

In time, porcelain is scratched by utensils. The active surface materials in this product is a great tool to get rid of scratches with a short soaking. It's also bio-degradable.

Oven and Burn Oil Cleaner

Helps get rid of accumulated burnt oil and grime from oven, hobs, fryers and grills. Thanks to its thick formula, also suitable for vertical applications: doesn't flow easily. With solvents and strong alkalis, it's fast and easy solution to the oil problem.

It's not suitable for usage on aluminum.

Dirt and Oil Remover

Great to clean the grime and oil on kitchen floors, hoods and walls. Can be used on hand and as well as with machines. Biodegradable thanks to the active ingredients.

Stainless Steel Polish

Used for polishing to leave a great shine on every metal, in particular with stainless steel. Creates a sacrificial layer after each use in order to prevent tarnishing and sticking of dirt to the surface. Can be daily used.

Drain Opener

Can be used in all industrial drains where there's an accumulation of grime and oil/fat deposits.

Vegetable and Fruit Disinfectant

Cleans raw vegetables and fruits safely. Formed with metabolically compossible ingredients. Great against bacteria found in dirty waters. Dissolves easily in cold water and helps you store fresh foods for a longer time.

QAC Based Surface Disinfectant

Used for disinfecting kitchen floors, walls, surfaces and equipment after regular cleaning. Disinfects with Quaternary Ammonium Compounds (QAC). Effective against bacteria, fungus, and molds. Does not corrode metal, does not irritate skin.

Laundry Products

Bleach

Industrially bleach, which is used to remove color from a fabric or to clean and remove stains.

Can be used as a soaking solution or can be used in washing machines.

Removes bad odor and disinfects.

Comes with three scent options: classic, spring or lavender.

Fabric Softener

Great for especially with towels, bath robes and woolen laundry.

Extends the life of laundry. Prevents dust collection on curtains.

Has a great & long lasting fragrance.

Comes with four scent options: soft, pink roses, lavender and ocean breeze.

Comes in 5L or 20L plastic cans.

Ambient Scenting

A very long lasting perfume with great fragrance options.

Can be used in all living spaces.

Leaves a great scent especially on freshly cleaned laundry, towels and curtains.

Comes with five scent options: Venon, Softimus, Pink Roses, Lavender and Ocean Breeze.

We can create a custom fragrance according to your request!

GENERAL CLEANING PRODUCTS

Surface Cleaning Detergent

Suitable for cleaning marble, marley, tiles, ceramic, wallpaper, carpet, hardwood flooring, sink, bathroom surfaces and armatures.

Does not scratch, leaves a great shine and provides hygiene.

Can be used on all washable hard surfaces to get rid of all grime and dirt. Does not leave any mark or stickiness behind.

No rinsing is required. Takes away bad odor. Leaves a great smell after each use.

Comes with four scent options: Mountain pine, ocean, lavender and pink roses. Custom fragrance is available.

General Cleaning Detergent

Can be used on all washable & wipe clean surfaces such as tiles, enamels, ceramics, wallpapers, bath surfaces, toilets and armatures.

Does not scratch, does not tarnish surfaces. Leaves a great smell after each use.

Comes with four scent options: Mountain pine, ocean, lavender and pink roses. Custom fragrances are available upon your request.

Multipurpose Cleaning and Stain Removal Product

Can be used on leathers, artificial leathers, carpets, furniture, curtains, plastics, PVC, hardwoods, exteriors of electronics, automobile interior cleaning, rubbers, walls, glasses, stainless surfaces, tiles, marble, epoxy flooring, linoleum, fats and oils residues and general kitchen & bath cleaning.

Hardwood and Furniture Polish

Can be used on furniture and hard floors. Does not damage the wood surfaces and preserves the natural look. Also suitable for maintaining marble, leather, plastics and PVCs. Very economic & easy to use.

Glass Cleaner

Great cleaner for glasses, mirrors, TV screens and other shiny surfaces.

Easily shines glasses. Biodegradable thanks to the active ingredients.

Takes away oil & fats and soot. No rinsing is required.

Thanks to neutralized PH level, can be used on delicate fibers.

GENERAL CLEANING PRODUCTS

Carpet Shampoo for Machines

Suitable for cleaning carpets and sofa surfaces with wet type sofa cleaning machines.

Foam density can be controlled easily.

After dusting the surface, can be used dry with suitable vacuuming machine.

Biodegradable thanks to the active ingredients.

Thanks to neutralized PH level, can be used on delicate fibers.

WC – Toilet Cleaner

Disinfects, removes grime, dirt and lime accumulation.

Kills all germs and bacteria.

Bath Cleaner

Used for descaling on corrosion resistant surfaces.

Great for removing soap scum and grime from durable bath surfaces including faucets.

Biodegradable thanks to the active ingredients.

Prior to usage, should be tested on small part of marbles and other calcium carbonate based surfaces.

Dirt and Stain Remover

Used for removing stains of alcoholic beverages, fruit juices and other water soluble beverages such as coffee, tea.

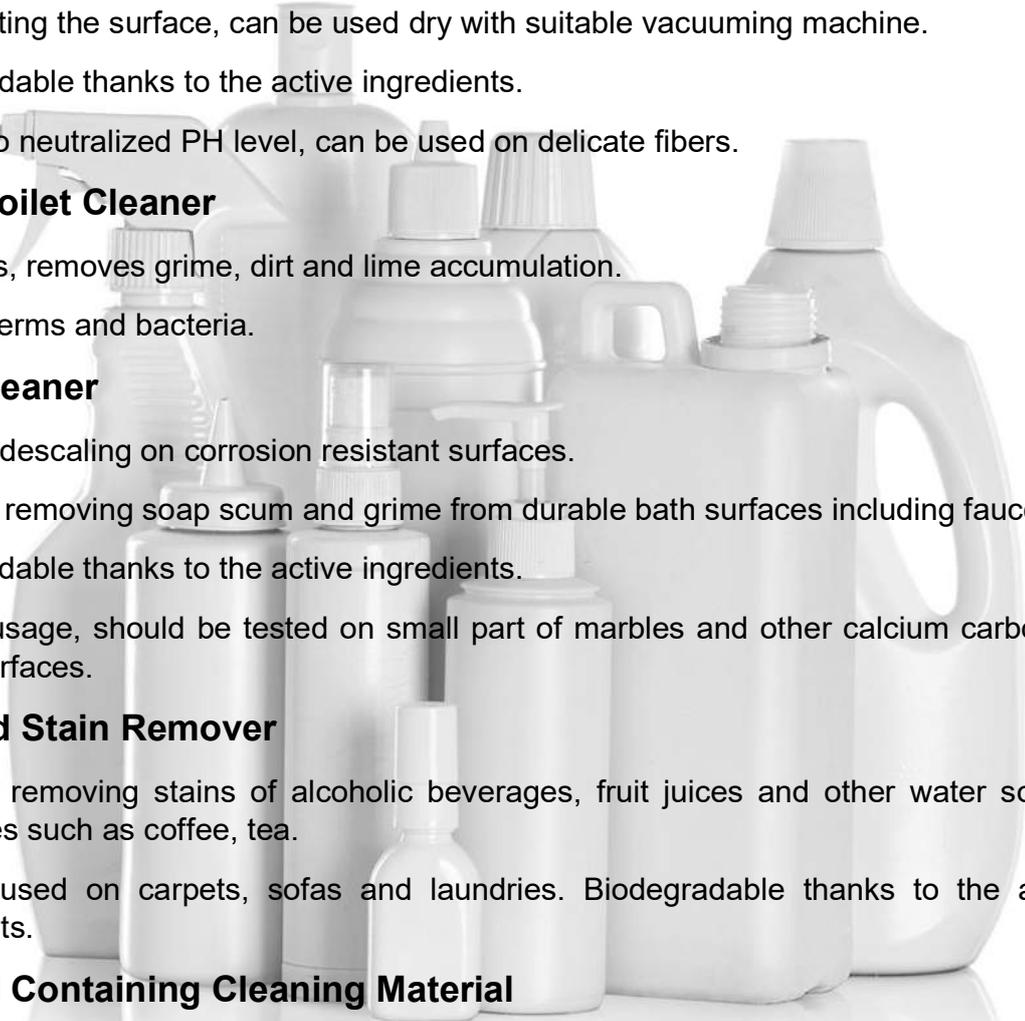

Can be used on carpets, sofas and laundries. Biodegradable thanks to the active ingredients.

Mineral Containing Cleaning Material

Works on sinks, tiles, bath surfaces, kitchen appliances, aluminum, chrome and other hard surfaces: cleans and shines without any scratches.

With the help of minerals and active ingredients, takes away hardened dirt.

Leaves a great scent behind and takes away bad odor.

FLOOR CARE PRODUCTS

Crystalized Polish & Maintenance Product

Suitable on marble, travertine, tiles, natural rocks and other calcium carbonate based materials.

Fuses into the calcium and creates a very solid finish. Is also resistant to water.

Is skid-proof and very economical; does not require any abrasive application before the next use.

Polymer Polish & Maintenance Product

Suitable on coating and polishing surfaces such as tile stone, travertine, mosaic, PVC, marley and linoleum.

Polishes and creates a durable surface coat. This durable and economic product can be used daily.

Biodegradable thanks to the active ingredients.

Surface Maintenance Product with Active Polish

Used on daily cleaning of polished surfaces.

Does not ruin your polish thanks to non-acidic/basic formula. Preserves shine & extends the life of the polish.

Biodegradable thanks to the active ingredients.

Should not be used on surfaces with crystal polish or on granite surfaces.

Dirt and Polish Remover

Removes the old polish with ease.

Also cleans hardened dirt and grime off the floor surface.

Can be used on all hard surfaces except wooden floors.

Biodegradable thanks to the active ingredients.

Granite and Ceramic Cleaner

Used on daily cleaning of polished surfaces.

Does not ruin your polish thanks to pH neutral formula. Preserves shine & extends the life of the polish.

Biodegradable thanks to the active ingredients.
